About Telesat (www.telesat.com)

Headquartered in Ottawa, Canada, with offices and facilities around the world, Telesat is the fourth largest fixed satellite services operator. The company provides reliable and secure satellite-delivered communications solutions to broadcast, telecom, corporate and government customers. Telesat has a global state-of-the-art fleet of 13 satellites and one additional satellite under construction, and manages the operations of 13 additional satellites for third parties. Telesat is privately held. Its principal shareholders are Canada's Public Sector Pension Investment Board and Loral Space & Communications Inc. (NASDAQ: LORL).

Statement under the Private Securities Litigation Reform Act

This news release may contain statements that are not based on historical fact and are "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995. Statements in this release concerning the beliefs, expectations, intentions, future events, future performance, business prospects and business strategy, including statements regarding projections for 2009 and beyond, are based on several assumptions. If any of these assumptions are not satisfied or prove to be incorrect, actual results could differ materially from those indicated in the forward-looking statements, depending on a variety of factors including, but not limited to, Telesat's ability to implement its business strategy and competition in the market. The information presented in this release reflects Telesat's expectations as of the date of this release. Telesat undertakes no obligation to update or revise the information herein.
